

ALL FOR OUR COMMUNITY!

Durham Community Foundation
building community through philanthropy

WE ARE YOUR COMMUNITY FOUNDATION

Established in 1994, as a bridge between contributors, charities and community, Durham Community Foundation (DCF) is more than a grant maker. DCF is the charity's charity – their voice in the Region of Durham and beyond. DCF has invested \$5.5 Million in 350+ charities, contributing to Durham's significant growth. DCF is part of a network of 201 community foundations in Canada with assets of \$6.3 billion, allowing it to scale and leverage innovation.

Endowments

DCF develops powerful relationships with donors including individuals, families, businesses, organizations, education, and government. We enable our donors to activate philanthropy to help solve Durham's greatest challenges and build community. DCF serves as a nexus in the philanthropic world of Durham, connecting donors and volunteers, keeping apace of community developments and needs, as well as identifying the most effective ways of addressing them through the benefit of the research and resources of the greater community foundation movement, which allows DCF to share with the community.

Leadership

DCF connects philanthropic, charitable, and community leaders to collaborate and catalyze innovation, partnership, and solutions. DCF facilitates learning and networking for charities' performance and impact. Our network in the Region is large, diverse, and collaborative. Connecting with the Region's charitable sector through regular correspondence, collaborative fundraising, skill building and training, DCF is at the heart of the charitable world in Durham. DCF is on the leading edge of trends, developments, concerns, and opportunities in philanthropy and among charities, their volunteers, and donors. In this role, DCF can affect change for good to help sustain a vibrant and thriving charitable sector in Durham.

Philanthropy

DCF builds philanthropy platforms, facilitates donors to invest, strengthens the community, and brings it closer together, by supporting initiatives in shelter, mental and physical health, recreation, arts, culture, and environment. Since inception DCF has enriched the lives of hundreds of thousands of individuals in our region.

THE AUGUSTIN FAMILY SCHOLARSHIP FOR DREAMERS

new emerging fund

The Augustin Family Scholarship for Dreamers was created in 2022 by two sisters, Stacey-Ann Augustin and Ginelle Augustin-Lesmond, who graduated from the Durham Catholic District School Board. In recognition of their academic excellence and contributions as young leaders, both women received community support through scholarships to pursue post-secondary studies, an act of generosity they hope to continue and inspire in others.

The Augustin Family Scholarship celebrates the excellence, leadership and unlimited potential of Black, Indigenous and racialized youth in Durham Region. In partnership with the Durham Community Foundation, the sisters are committed to building a resilient and caring community where young people are celebrated as leaders and go for their dreams.

This scholarship supports the development of BIPOC youth leaders who are willing to dream big. Their leadership can be quiet or loud and demonstrated through actions that impact their families/friends, schools, and/or community. The awards will celebrate the excellence, leadership, and unlimited potential of Black, Indigenous and racialized youth in Durham Region.

This year's recipients included Jordan Kiara Thom, Jade-O'Shea Kyanna Spence, and Morsal Moradi.

QMHI SERVICE FUND

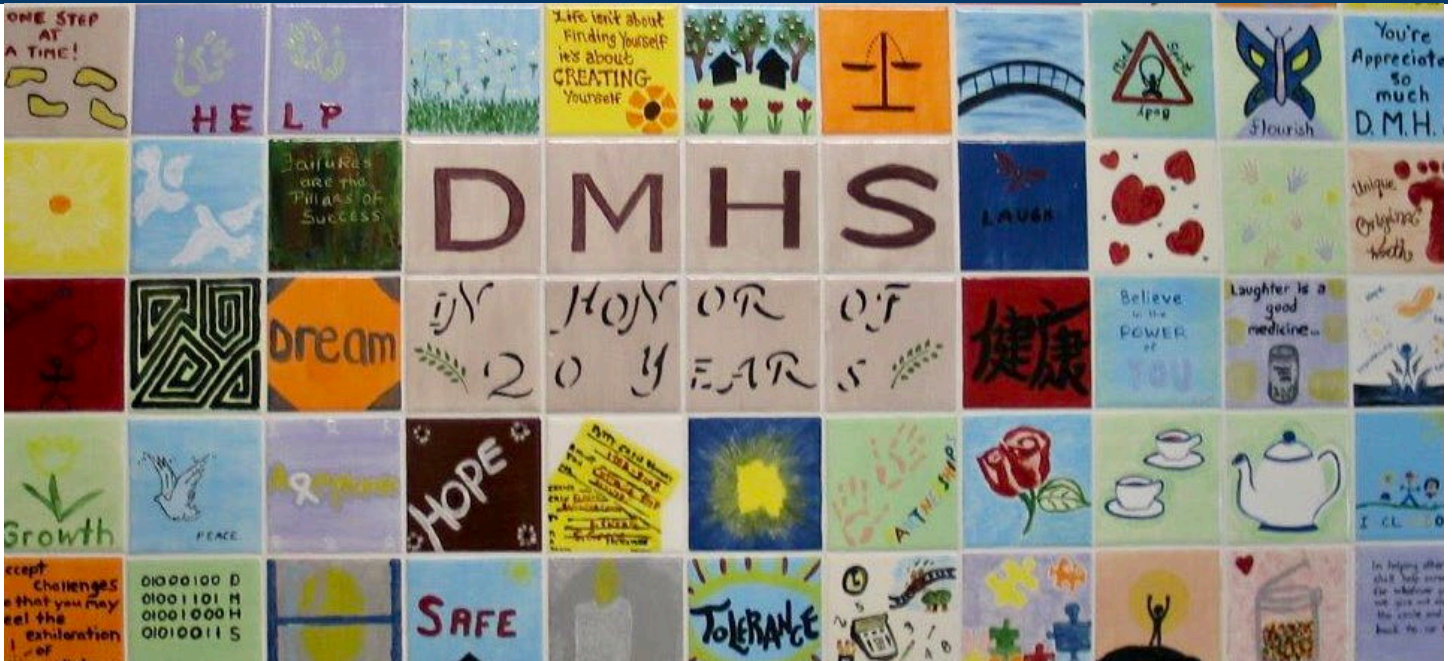

new emerging fund

Established by Adam Wiseman, the Quality Mental Health Interventions (QMHI) Service Fund supports those who serve us in some of the most inherently psychologically unsafe professions; police, fire, paramedics, troops and veterans. This fund provides financial resources towards the provision of properly trained Post Traumatic Stress Disorder (PTSD) Service Dogs to these brave men and women whose job is to protect us.

PTSD is a workplace injury for these professionals. It is our collective responsibility to support the healing of these men and women from psychological injuries. These injuries extend beyond the affected individual to their loved ones and communities. Clinical evidence supports the efficacy of these animals as treatment. The average cost to train and provide a service dog is \$15,000 and public funding for animal training is woefully insufficient. The result is a seemingly never-ending waitlist for these life-saving animals, causing many in need to never get the opportunity to heal. This is reflected in the tragically high suicide rates of veterans and first responders. This fund is not only a good deed; it is a small payment on an enormous debt owed to these men and women.

"...it is our duty to tend to ALL injuries sustained at work; because everyone is entitled to the most psychologically healthy and safe work life possible."
-Adam Wiseman, Legacy Builder, QMHI Service Fund

MENTAL HEALTH SERVICES FUND

new legacy fund

Durham Mental Health Services (DMHS) was founded in 1987, by a group of dedicated parishioners at All Saint's Anglican Church in Whitby, who saw a desperate need for mental health support (including housing) in their community. Growing from one group home to an agency offering various levels of housing and mental health services, DMHS has been an essential supportive agency of the Region of Durham for nearly 35 years.

DMHS has always worked closely with other service providers in the community including Lakeridge Health (LH). Both organizations share a common vision of an integrated mental health and addictions system in the region that would better coordinate services in both community and acute care settings, facilitate smoother transitions and faster connections to appropriate services, and create a supportive continuum of care for clients. In the fall of 2020, DMHS and LH took an important and innovative step toward that vision through amalgamation.

In 1999, Durham Mental Health Services Foundation (DMHSF) was established to ensure that all incoming donations would be used to directly benefit individuals who needed mental health services and to create a legacy for the future. Following the amalgamation, the Board of Directors at DMHSF transferred their assets to Durham Community Foundation to ensure the continuity of their vision to improving mental health services throughout the region.

"By transferring our Foundation's assets to DCF we are able to ensure our commitment to improving mental health services in our community remains intact forever." -Robert Adams, Durham Mental Health Services Foundation

CORPORATE FLOW-THROUGH COMMUNITY GRANT

aspire climbing whitby

Aspire Climbing Whitby first opened their doors in October 2020 as the first full-service indoor rock climbing and ninja warrior facility in Durham. With such an active community, owners Bob and Sarah Kostadinov knew that building a rock climbing facility in the heart of Whitby would be the perfect location to serve residents throughout the Region of Durham.

Their goal was to provide a warm, welcoming, positive, and inspiring environment that not only offered a variety of programming, lessons, and camps, but also an opportunity for the community to gather to celebrate milestones.

The Aspire Whitby team is also actively involved in the community, raising awareness about charities and initiatives they are passionate about. That's why the company chose to work closely with Durham Community Foundation, utilizing the Foundation's knowledge of community needs, local charities, and the expertise of their Grants Committee.

Bob, and Sarah, held a silent auction and ninja warrior competition, raising \$1,000 for Durham Community Foundation as a flow-through community grant. These funds were distributed to Melly's Workplace in Whitby. It's just the start of Bob and Sarah's commitment to giving back to their community as they plan on continuing to raise funds to address emerging priorities impacting youth throughout the Region of Durham.

CREATING A LEGACY FOR THE FUTURE

ENDOWMENT FUNDS

our heart work

We exist to improve quality of life for people in the Region of Durham – highlighting needs, engaging donors, and making grants.

Creating endowed funds is the heart of what our community foundation offers to donors. Efficiency, cost effectiveness and responsiveness to donor's philanthropic interests are the hallmarks of our work.

People from all walks of life can create or contribute to existing funds, which are held in perpetuity by Durham Community Foundation. In this way, people create a lasting legacy that will support the charitable causes they care about and their community for good, forever.

Durham Community Foundation offers a wide range of funds from which donors can choose to best fit their interests. We also offer donors the ability to name their fund at certain fund minimums. Donors may establish a fund in their own name, their family's name, the name of anyone they wish to honour, or any organization.

GRANTING WITH IMPACT

GRANTING WITH IMPACT

the annual process

Donations from our endowed funds are pooled together and invested by a team of professional investment managers. The income from these investments is then used to make grants to support local registered charities. The capital in the fund remains untouched, which is why a fund can grant year-after-year. Granting is set at 3.5% and is based on a four-year average of the value of each endowment fund.

Each year, Durham Community Foundation connects with local leaders to determine key funding priorities based on data. DCF then invites Requests for Funding from charitable organizations within the Region of Durham.

Our Grants Committee diligently reviews each application in consideration of the funding priorities and the funds available to grant. Together with a completed application form, charities must submit their financial statements which are reviewed to ensure their stability. In cases of Donor Advised Funds, the donor is involved as part of the recommendation process. Ultimately, an overall grant recommendation, detailing each grant is provided to the Board of Directors for approval. Upon approval, cheques are written to each registered charity in the approved amount.

GENDER EQUALITY GRANTS

\$120,000 in community grants

to women, girls, Two-Spirit and Gender-Diverse-led and serving organizations.

This initiative is part of a partnership with Community Foundations of Canada, funded through the Government of Canada's Fund for Gender Equality. Durham Community Foundation is one of 21 local community foundations from coast to coast to coast that are taking part. In total, these community foundations are granting over \$3.4 M towards the gender equality movement.

The following organizations are receiving grants to either pilot new initiatives or to address long-standing community needs: Art With A Heart Inc., Durham Alliance Outreach, Durham Rape Crisis Centre, Scientists in School, The Power to Be International, Victim Services of Durham Region and the Women's Multicultural Resource and Counselling Centre of Durham.

"We are thrilled to support these seven local organizations who are working on the ground to advance gender equality in our community. Investing in their work and this movement is key to supporting women who have been disproportionately impacted by the pandemic. We can work towards a just recovery by tackling systemic issues like racism, wage inequality, and gender-based violence. Along with the other 20 participating community foundations, we are committed to creating lasting systems-change in philanthropy, by writing gender equality into our investment practices and organizational policies.

HEALTHY COMMUNITIES INITIATIVE

\$588,577 IN COMMUNITY GRANTS

creating safe ways for residents to access services and enjoy the outdoors

The Canada Healthy Communities Initiative was created to help communities adapt to the COVID-19 pandemic and create safe ways for residents to access services and enjoy the outdoors.

It is a \$31-million investment from the Government of Canada to support organizations as they create and adapt public spaces to respond to the ongoing realities of COVID-19.

Funded projects fall under three main themes: creating safe and vibrant public spaces, improving mobility options, and digital solutions.

Durham Community Foundation worked with Community Foundations of Canada, the Government of Canada, and Toronto Foundation to allocate a total of \$588,577 over two rounds. Funding supported organizations in the Region of Durham that are showing creativity and resourcefulness in creating solutions that enable people to connect and access public spaces safely, support economic recovery, create jobs, and build vibrant, resilient communities.

Terry James Volunteer Youth Awards recognizing youth engagement in our community

The Terry James Honour the Volunteer Youth Awards were established in 2007 shortly after the passing of Terry James. Terry was a passionate and dedicated volunteer many vital volunteer initiatives in Durham including Civitan and the Durham Senior Games. In 2001, Terry spearheaded the International Year of the Volunteer recognition program for the city of Pickering at the behest of then Mayor of Pickering, Wayne Arthurs. Terry went out of his way to support others through volunteering and was a true role model for youth in our community.

Since the fund was first established, many worthy youth volunteers throughout our region continue to be recognized and supported by the fund. This year's recipients recognize:

Melina Kelly generously donated her time to tutor students in math, science, and music. Her passion for the Arts shone through in her work with the Performing Arts Department and Council at her school, O'Neill Collegiate and Vocational Institute.

Chelsea Oke, at Brooklin High School, focused her volunteering efforts on school sports and coaching providing her time and support for students with special needs. She pitched as a volunteer leader with volleyball camps, intramural sports events, refereeing and with the Terry Fox Run.

Avery McElhanny supported those with special education needs in her school, Donald A. Wilson Secondary. She created her own charity entitled Selfless A.C.T. to help youth access self-care products providing these self-care kits to over 200 teens across the Durham Region.

SCHOLARSHIPS

Grace Fund and Jim Witty Scholarship Fund supporting students attending Ontario Tech University

"I am a single person living on my own and do not have parents that make a lot of money to help. This bursary means a lot to me because it will help me meet my goal of becoming a teacher with less debt in the end. I took a leave from my full-time job so that I could focus solely on my schooling and this money will help me out tremendously.

This support is appreciated more than you will ever know. Thank you!"

**Tara Booth (not pictured), Grace Fund Bursary recipient
Education – Primary/Junior, Faculty of Education, Ontario Tech**

"Covering my own tuition costs during university has made it difficult to sustain myself financially. Working part-time as a retail assistant manager, and more recently as a teaching/research assistant, while completing a full course load has left me with little time to develop my own projects. This award helps take a financial weight off my shoulders and will afford me more time to develop my company and work towards releasing our first project.

Thank you so much for this award! I really appreciate your generosity, and it inspires me to give back to the community and other students in the future as well. This is a wonderful help and further motivates me to continue pushing forward!"

REMEMBERING THE CHILDREN

Truth and Reconciliation Week empowering youth

Truth and Reconciliation Week was a 5-day national event continuing the conversation about the truths of the Residential Schools system and its legacy on current and future generations. This year's theme, Remembering the Children, honoured the many communities whose children did not come home, and the 215 unmarked graves found on the grounds of the former Kamloops Indian Residential School in British Columbia. The program ran between September 26th and 30th, 2022.

The program consisted of 20 video presentations, primarily created for a student audience, which ran over the course of 4 days. Days 1-3 included educational video content, Q&As, and interactive activities for students, supported by artistic and cultural performances by First Nations, Métis, and Inuit artists. Day 4 featured a live stadium-sized youth empowerment event, attended by 4600 people. Day 5 was a commemorative day for The National Day for Truth and Reconciliation and Orange Shirt Day and featured a nationally broadcasted program.

Durham Community Foundation joined nine other community foundations serving the following areas: Brampton and Caledon, Burlington, Halton North, Mississauga, Durham Region, Hamilton, Niagara, Oakville, and Toronto. Together we supported the Youth Empowerment live event featuring Indigenous speakers and artists. The event was held in Mississauga and included youth attendees from our region.

"Like the National Centre for Truth and Reconciliation (NCTR), community foundations are at the forefront of the movement towards a just and sustainable future for all. This future would not be possible without Reconciliation. This partnership represents a step in the long journey towards the future we all aspire to."

-Stephanie Scott, Executive Director, NCTR

GOING BEYOND THE GRANTS

DID YOU KNOW?

we strengthen local charities and nonprofits through our advocacy work, expertise, and initiatives

As a funder for 28 years in the Region of Durham, we recognize our sector (registered charities and nonprofits) is a vital contributor to the well-being of our community and local economy.

Our mandate is to strengthen the work of these organizations beyond the grantmaking through our advocacy work, expertise, and initiatives.

Advocacy

We are the voice of our sector at the local, provincial, and national levels, sharing their strengths and challenges and leveraging our relationships with community and local leaders to ensure the important work of our sector can continue.

Crisis Sector Support

We lend our expertise to help charities and nonprofits in crisis. Our Executive Director's experience as well as the knowledge of Community Foundations of Canada's leadership ensures we can support organizations in addressing their most urgent needs whether it's an unanticipated loss in revenue or staffing, board, or volunteer issue.

GOING BEYOND THE GRANTS

Durham Region Funders Table

The Durham Region Funders Table includes representatives from the Region of Durham, municipalities, Durham Community Foundation, the local Red Cross, and United Way. This table ensures a strategic approach, based on real-time data, to funding local agencies to ensure we are addressing the most pressing needs of our community throughout the region.

ED Connect

We facilitate a monthly chat to help Executive Directors share what's keeping them up at night and find tangible solutions to their concerns through a peer-to-peer driven support group.

GivingTuesday

We partner with CanadaHelps to champion #DurhamGivesBack on GivingTuesday, a giving movement driven by individuals, charities, and businesses across Canada to support the causes they believe in and the communities in which they live through volunteerism and/or financial contributions. We announce our grants to further profile local organizations and the work they do to strengthen our region. We also work with local leaders to foster a culture of philanthropy in our region.

Mental Health Support for Sector Leaders

We offer a series of mental health workshops led by psychotherapists with experience in our sector to help leaders navigate their entire organization especially through the COVID-19 crisis.

GOING BEYOND THE GRANTS

Philanthropy Forum

We provide a full day, leadership development and networking conference to support leaders in our sector. Our most recent virtual forum included 55 registrants from small grass roots organizations to larger local charities.

Walk for YOUR Cause

We organize a platform for charities, nonprofits, businesses, and individuals to raise funds for their respective organizations and the causes they care about. In 2022, 100 participants from 14 local charities walked together to raise funds for their respective organizations.

SUPPORTING OUR WORK

Our dedicated and passionate donors not only ensure our Foundation's organizational health and resilience, but also help us support local charities and nonprofits beyond the grants, ensuring a better community for all! We are profoundly grateful for their support.

GIVE BACK TO YOUR COMMUNITY

Each one of us is a product of our community. The communities we grow up in or move into make us who we are. Every community is the sum of the people who live within it – a unique mix of our personalities, cultures, and interests. The causes we care about, the time we invest, the people we bring together – all shape our communities now and for future generations. Giving back by creating a permanent endowment fund at Durham Community Foundation ensures the cycle of a vibrant and sustainable community.
